

The 21st Takeda Science Foundation Symposium on Bioscience

Towards Understanding Human Development and Evolution

Organizers

Mitinori Saitou
Kyoto University/ASHBi, Japan

Yukiko Gotoh
The University of Tokyo, Japan

Takashi Hiiragi
European Molecular Biology
Laboratory (EMBL), Germany/
ASHBi, Japan

Speakers

Germ Cells: Genetic and Epigenetic Inheritance

Anne Ferguson-Smith
University of Cambridge, U.K.

Edith Heard
European Molecular Biology
Laboratory (EMBL), Germany

Eva R. Hoffmann
University of Copenhagen, Denmark

Scott Kennedy
Harvard Medical School, U.S.A.

Mitinori Saitou
Kyoto University/ASHBi, Japan

Human Genetics and Evolution

Matthew Hurles
Wellcome Sanger Institute, U.K.

Yasuhiro Murakawa
RIKEN Center for Integrative
Medical Sciences, Japan

Svante Pääbo
Max Planck Institute for
Evolutionary Anthropology,
Germany

Olga Troyanskaya
Princeton University, U.S.A.

Chris Walsh
Harvard Medical School, U.S.A.

Human Development In Vivo and In Vitro

Mototsugu Eiraku
Kyoto University/ASHBi, Japan

Yukiko Gotoh
The University of Tokyo, Japan

Takashi Hiiragi
European Molecular Biology
Laboratory (EMBL), Germany/
ASHBi, Japan

Tadashi Isa
Kyoto University/ASHBi, Japan

Allon Klein
Harvard Medical School, U.S.A.

Arnold Kriegstein
University of California,
San Francisco(UCSF), U.S.A.

Prisca Liberali
Friedrich Miescher Institute for
Biomedical Research, Switzerland

Lakshminarayanan Mahadevan
Harvard University, U.S.A.

Hiromitsu Nakauchi
Stanford University, U.S.A.

Bruno Reversade
Agency for Science, Technology and
Research (A*STAR), Singapore

Toshiro Sato
Keio University, Japan

January 27-28, 2023 Osaka, Japan

Venue: **Osaka International Convention Center**

Participation Fee: Free of Charge

(Transportation and other expenses to be borne by the participants)

Deadline for Registration: October 31, 2022

Call for Papers

- Please refer to the website for application guidelines.
- **Abstract submission deadline: Friday, September 30, 2022**
- Excellent Poster Award winners will be selected from the presenters. (500,000 Japanese yen, 5 awards)

Poster Presentation (Call for Papers)

Those who wish for poster presentation should check the application guidelines and apply through online registration from below.

Excellent Poster Award

5 posters will be selected as candidates for the Excellent Poster Award. ¥500,000 each is granted.

Deadline for Submission: Friday, September 30, 2022

Application Guidelines

- Language:** Only abstract in English will be accepted.
- Number of words:** In body text must be no more than 400 words.
(Table and figure are not accepted.)
- Category:** Please choose from the following.
① Germ Cells: Genetic and Epigenetic Inheritance
② Human Genetics and Evolution
③ Human Development In Vivo and In Vitro
④ Other Relevant Themes
- Publication:** The Program and Abstracts Book will be distributed to all participants.

Please press the button below for your abstract submission.

Submission

Please press the button below to confirm or modify for your submitted abstracts.
