Scientific Advisor, WPI-ASHBi

Ex-Scientific Editor, Developmental Cell

Fri. 16:00 - 17:00

A ROADMAP TO PUBLISHING PAPERS

This seminar is part of a series, where I will be sharing with you my insights as a former editor at Cell Press on how to publish your work successfully.

In this first seminar, I will be discussing the function and value of the narrative, or so-called “storytelling”, of a scientific paper and share tips and strategies on how to prepare a paper in order to tell your story more effectively.

Organized by: The Institute of Advanced Study of Human Biology
